Supply Chain Experts – Leveraging Our
Knowledge to Fight COVID-19

Capability Statement

Premier Automotive Export (PAE) is proud to be a certified U.S. government vendor for the sale of PPE medical supplies.

Recognizing the need during this COVID-19 crisis, PAE moved quickly to a new division to focus on providing Personal Protective Equipment to American customers. All our PPE products are FDA approved.

The team at PAE are experts at supply chain logistics with decades of global experience. We are veteran and minority business certified.

Our global reach is unparalleled. In 2016 PAE was awarded the first and only U.S. license to provide vehicles, office goods and other supplies to all of the 124 embassies in Cuba.

Now, due to the coronavirus, our efforts are on behalf of the U.S. market, providing federal and state governments, first responders and hospitals with critical FDA approved PPE. From isolation gowns and masks to disinfectant wipes, we are sourcing needed items and providing expedited delivery.

Core Competencies

- Procurement
- Expedited Delivery
- Global Sourcing
